

Extra-large boardroom

Get exceptional audio and video coverage in boardrooms up to 35' x 55' (10.7 x 16.8 m) without the complexity of a traditional pro AV system. Thanks to Nureva's sound location data for automated camera switching and Logitech's premium PTZ cameras with Ultra HD imaging, remote participants see everything. And true full-room microphone pickup means they hear everything just as clearly.

Solution components

Nureva® HDL410 audio conferencing system

- Two microphone and speaker bars providing full-room pickup with 16,384 virtual mics
- Next-gen Microphone Mist™ technology producing sound location data for simplified automated camera switching
- Connect module with advanced processing power and pro AV features (no DSP required)
- Easy wall-mounted installation in under 60 minutes with no specialized skills or tools
- Includes Nureva Console, our device management platform that enables the setting of camera zones, monitoring of devices and more
- Available in black (HDL410-B) or white (HDL410-W)
- 2-year warranty (additional 3 years available)
