REFERENCE DESIGN

Extra-large Teams Rooms

Get exceptional audio and video conferencing for spaces up to 35' x 55' (10.7 x 16.8 m). With this joint solution from Nureva and AudioCodes, you get true full-room microphone pickup, intelligent camera tracking and everything else needed to collaborate from anywhere. AudioCodes' controller and hub simplify management of the complete room experience, allowing users to easily adjust audio settings. And everything is Teams certified.

Certified for Microsoft Teams

Solution components

Nureva® HDL410 audio conferencing system

- Two microphone and speaker bars providing full-room pickup with thousands of virtual mics, thanks to next-gen Microphone Mist™ technology
- Connect module with advanced processing power and pro AV features (no DSP required)
- Easy wall-mounted installation in as little as 60 minutes with no specialized skills needed
- Includes Nureva Console and the Nureva App — intuitive tools that simplify setup and enable device monitoring, management and more
- Available in black (HDL410-B) or white (HDL410-W)

Learn more
